

ALESSANDRA FRANCO LAMMOGLIA

Lewisville, TX 75067 | (949) 226-9912 | alessandrac.francol@gmail.com

EDUCATION

Texas Woman's University, Denton, TX

2023 – 2027

Bachelor of Science in Data Science & Informatics | GPA: 3.9

- Honors: Chancellor's List (2023–2024), Dean's List (2025)
- Relevant Coursework: Database Systems, Statistics, Healthcare Informatics, Web Interface Design

SKILLS & INTERESTS

- Technical: Python, SQL, JavaScript, MySQL Workbench, Microsoft & Google Suite, Git/GitLab
- Analytical: Statistical analysis, data normalization, ER modeling, database design, dataset analysis (Excel/Python)
- Language: Bilingual (English/Spanish)

EXPERIENCE

Praus, Dallas-Fort Worth Metroplex

December 2023 – Present

Head of AI & Data Science

- Lead data science and statistical modeling efforts for an agentic software platform that grows AUM for funds by automating capital raising, deployment, and operations
- Develop analytical models and LP intelligence signals that inform real-time fund decision-making and deal flow prioritization
- Translate statistical findings into actionable insights for fund operators, supporting data-driven capital allocation

Texas Woman's University, Denton, TX

Fall 2024 – Spring 2025

Supplemental Instructor

- Led weekly supplemental instruction sessions in statistics for enrolled university students, reinforcing course content outside of regular class time
- Developed structured lesson plans and interactive activities to clarify complex statistical topics and support diverse learning styles
- Promoted academic success and retention by creating an inclusive environment focused on collaboration, confidence, and student engagement

Texas Woman's University, Denton, TX

Summer 2024, 2025, 2026

Student Assistant

- Tutored foster care students in statistics through the CARE Office, providing annual support during a three-week summer program
- Applied personalized, adaptive teaching methods to explain key statistical concepts and accommodate varying academic levels and learning styles
- Helped underserved students build confidence and improve academic outcomes, reinforcing a commitment to equity and educational opportunity

New Beginnings Church, Bedford, TX

August 2025 – Present

Kids Ministry Assistant

- Plan and coordinate children's ministry events, ensuring efficient execution and a positive, organized environment
- Oversee financial operations, including budgeting and expense tracking, to maintain fiscal responsibility within the ministry
- Manage administrative and operational systems to ensure smooth workflows and effective communication among staff and volunteers

RELEVANT PROJECTS

Database Design & Management — Little Chords Kindergarten System,

CSCI 3423

- Designed a relational database for a kindergarten management system, including ER diagramming and schema normalization
- Built and queried structured datasets in MySQL Workbench, applying relational database concepts from coursework to a real-world use case

Statistical & Data Analysis in Python,

- Built a Python StatisticalCalculator class to compute core descriptive statistics programmatically
- Normalized and analyzed a movie rental dataset (movies.csv) to calculate average rent-per-day metrics, applying database normalization principles in a Python workflow
- Analyzed a patient discharge dataset in Excel and Python as part of healthcare informatics coursework, drawing insights from real clinical data
